Dear Team,

Please Note below points

- 1) We can accept the canceled students those pending with 2 subjects and project reports to complete the course without course extension fees (Subject to Assignment Completed) which will help them to complete their course.
- 2) We are allowing students who have missed only workshop exams due to changes in our internal process for the last exam cycle. Ensure assignment submission and exam fees are available.

Please add such cases to the special case sheet and the exam team will update the status for the same.

Regards.

Mr. Vinay D. Garud,  
Section In-charge - Examination,
