

Dear Student,

Greetings from MITSDE LABS!

The subject “Operations Research” is a part of MITSDE LABS where in the teaching learning pedagogy is different than your other subjects.

The subject will be covered in the form of a full day Workshop either on Saturday or Sunday by Industry Experts / Subject Matter Experts.

As the course has practical aspect to it the Experts will give you insights about the subject followed by hands on training on different tools related to the subject along with case study discussions and presentations followed by the assessment on the same day both Internal and External assessment.

This particular score will be considered as the final score for the subject.

No separate proctored exam will be conducted for this particular subject.

Once you have appeared for all the other subjects of the particular semester you are eligible for the LABs session.

The details regarding the LAB sessions are shared a week prior to the scheduled date on emails.

Thank you!

MITSDE LABS
