Dear Sir,

I am writing this email to inform you that I have attempted the Oracle Primavera semester examination and it was very disheartening that all the questions came from the finance department. I don't know how it is connected with Primavera. Though the Internal Assessment questions were related to Primavera, the semester was not. I thought my observation and personal opinion should be informed to MITSDE for better assessment in future as we all are trying our best in our curriculum and also MITSDE should be focused on more relevant topics.

Thanking you,
Sumana Pal
