Dear MITSDE team,

I had raised a query as I have not received any exam-related emails after December 2022 i.e. after my 2nd semester. After many emails and follow-ups, I was finally able to speak with RM. While she checked in your system, it was found that my email id is incorrect in your system. I request you to change it to gayatribhambure@gmail.com

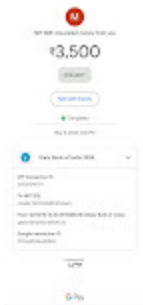

While on the same call, I filled out the exam form and paid the exam fees online through UPI. Kindly update the payment details from your end and send me the exam link at the earliest.

I am attaching herewith the payment receipt for your reference.

This has caused extreme inconvenience and a waste of my time. I sincerely hope that this will not happen again in the future.

Special thanks to Ms. Urvashi for helping me.

Thanks and Regards
