

How to Access & Watch the Recording of LABs Session

Select the Subject

The screenshot displays a learning management system interface. On the left, a sidebar shows the course title "PGDM-Operations Management-Sem 3" and a "Select Subject" dropdown menu. The dropdown menu is open, showing a list of subjects: "Operations Research", "Production, Planning and Control", "Operations Management", "Lean Management Systems", "Operations Research" (highlighted), and "Project Management". Below the dropdown, a list of course items is shown, including "Book", "Intro - Operations Research PPT", "Assignment PPT", "Assignment Problem", "Transportation PPT", and "Transportation Problem".

The main content area shows the "Transportation Problem" lesson. At the top, there are navigation tabs: "Lesson", "Course Overview", "Class Records", "Announcements", and "More". Below the tabs, there are buttons for "Download" and "Complete & Continue". The lesson content is a spreadsheet titled "100008-optimization_Transportation1 - View-only". The spreadsheet has a menu bar with "File", "Home", "Insert", "Share", "Page Layout", "Formulas", "Data", "Review", "View", "Help", and "Draw". The spreadsheet data is as follows:

				Factory 1	Factory 2	Factory 3	demand	Cost
