TO WHOM IT MAY CONCERN

**Subject – CGPA to Percentage Conversion**

Reference to the subject our student ***Mr. Kumar Goutam,*** Student ID. MIT2021C02191 has scored 9.91 CGPA and in Percentage has scored as 94%. We as the MIT School of Distance Education follows the grading system for the course of ***Post Graduate Diploma – Construction and Project Management.*** About the conversion scheme from CGPA to the percentage, the following formula for converting the CGPA to percentage of marks.

Percentage of marks = CGPA * 9.5 = Percentage

CGPA is 9.91 then 9.91*9.5=94 %

The letter is issued on request of the student.

Sincerely,

Dr Prof. Suhrud Neurgaonkar
Director
MITSDE, Pune, Maharashtra, India.
