LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN

It gives me immense pleasure in recommending Mr. Aditya Tikmany for admission to the Master's Program in Management at your esteemed institution. My acquaintance with him since he worked for our company M/s. All India Road Transport Agency during Financial Year 2016-17 as Marketing Executive under Commission basis.

Aditya has strong interpersonal skills, leadership qualities. He has demonstrated initiative, perseverance and exceptional interest to learn new concepts and to expand his knowledge base. I have also noticed his commanding management skills at different points during his tenure.

At a personal level, Aditya is a well-disciplined person. He belongs from a family of noble demeanor. He can effectively communicate in English. He should have no problem in undertaking a Management Programme at your university in UK in terms of comprehending lectures & delivering his tasks.

I would strongly recommend him to the post graduate programme in Management in your esteemed institution. He will be an asset to your department.

Thanking You.

Yours Faithfully.
