SS-2
Resolution to earlier TK-32319

Response Status - : resolve
Dear Student, We have made necessary changes to QB's important question for the subject Database Management System, Please check from your end Thank you MITSDE

QB is revised to correct the Question and Answer

Sr No	Question	Option (A)	Option (B)	Option (C)	Option (D)
1	An employee has only one name is in one department has one supervisor. The major type of constraint are:	Domain constraints	Entity integrity	Referential constraint	all of the above

SS-3

QUERY:

Part -1
As per SS-2, as an response to Query TK-32319, with reference to "Database Management System" e-book and relevent PPT, the QB SS-3, was revised to indicate that "Referential Constraint" is also a Major type of Constraints.

Part -2to match
See SS-1: Question 4 of Assignment 1 (Attemt-1) **wrongly** indicates that Referential Constraint **is not** a Major type of constraint. Please correct Question 4 and it's Options of Assignment -1 to match the resolution.
